OUR COLLEGE:

Adarsha Shikshana Samiti's College of Commerce, Gadag is a premier Commerce College affiliated to Karnatak University, Dharwad,. It was established in the year 1968 with the motto of imparting quality business education to the semi-urban and rural youth in and around Gadag District. During the five decades of its existence the college has provided a strong academic foundation to thousands of students to build their career. Most of our alumni today occupy positions of pride in the society as entrepreneurs, professional, politicians, sportsmen and corporate employees.

THE SYMPOSIUM:

The wave of GST will bring far reaching changes in almost all fields of the economy. The GST will accelerate the growth rate of the Indian economy. The GST will be a game changing reform for Indian economy by developing a common Indian market and reducing the cascading effect of tax on the cost of goods and services. It will impact the tax structure, tax incidents, tax computation, tax payment, compliance, credit utilization and reporting leading to a complete overhaul of the current indirect tax system. GST will have a far reaching impact on almost all the aspects of business operations in the country, for instance pricing of products and services; supply chain optimization; I.T, accounting and tax compliance systems. The proposed symposium is unique in its style in the sense that it is for the students, in particular, and for the Professionals, teachers and academicians in general. Naturally the symposium aims at providing a platform to all the above to share their views about the GST.
